**L**IVING LANGUAGES SEMINAR (ÉLŐ NYELVEK SZEMINÁRIUMA) language school was founded in 1949. It was the first language school to open in Budapest, Hungary after the Second World War and for many years English, French, German, Spanish, Italian, Hungarian languages could be learnt only in our school. We have three locations and our centre is at 1053. Budapest. Fejér György u. 8. This is where we conduct enrolments, examinations, though we also hold classes here.

We specialise in teaching foreign languages and during the past decades our school developed many practices which have also been introduced by other schools. Until the 1980s we had been the only independent (not state owned) enterprise in this field. Despite the current lively competition, we are sure we have remained in the forefront of language teaching in Budapest. Being the oldest institution of its kind here, we are, naturally, well prepared to teach these languages. We are experienced and have extensive subject matter which is constantly monitored and refreshed.

Our experience of the past 70 years, our accredited institute and accreditation in five languages as well as being an examination site recognized by the state and our highly qualified staff mean guarantee for students in their general or academic studies.

Our institute

- gained the title of State Accredited Institute for quality first in 2003.
- introduced and spread PITMAN, City and Guilds examinations in Hungary in 1990.
- became a state accredited language examination place of the locally leading Elte Origó examinations in 2000.
- exceeded the number of 500.000 student enrolments in 2003.
- has contacts worldwide.
- introduced new ways of functioning and tuition giving example on the local language market.
- has own publications textbooks, E-H, H-E, dictionary and others.
